

HILLS ARCHERS NEWS ARCHIVE 2013/2014

11/06/2014

NEC lends its support

NEC has supported an application on behalf of Hills Archers to purchase target butts, through the NEC Employee Community Grants Programme.

NEC has approved a grant of \$1,000 for the Club.

NEC Australia believes that contributing to community development is one of its important social responsibilities. It indicated its appreciation for one of our members' involvement and personal contribution to the community.

About the NEC Employee Community Grants Programme

NEC Australia's Employee Community Grants Programme enables NEC employees to apply for grants for charity organisations in which they volunteer. Employee volunteering is a global NEC corporate objective, and one way NEC Australia supports and gives back to the community.

The Club gratefully appreciates the support NEC has provided through this grant.

Club One supports HILLS ARCHERS

HILLS ARCHERS has been successful in a Club One Small Sponsorship of \$550.

These funds will be used to get our stock of much needed training equipment well on the way; the money will be used to purchase training arrows.

Club One (SA) Limited began making large and small sponsorships in 2008 and has so far allocated about \$600,000 to about 500 clubs.

These sponsorships are assisting community clubs through the State in important and tangible ways – and at a time when many have limited resources and avenues from which to seek funding.

HILLS ARCHERS appreciates the support of Club One and this sponsorship will go a long way to helping the Club.

HILLS ARCHERS - we are flying; coaching course takes off....

The fabulous weather never seems to stop!

The 6 beginners who arrived for today's first session could not help but be impressed by the venue looking an absolute picture. And they were soon into it - coming to terms with and enjoying the intricacies of archery.

20/04/2014

The Club is making some progress

The shoots to date have been attended by a core group who are keen to see the Club develop. Until our bank balance improves, purchase of targets and coaching equipment are on hold. However, with the kind assistance of ARCHERY SA allowing us to use its training gear, we can offer limited shooting facilities and conduct coaching courses.

With the kind permission of the Adelaide Polocrosse Club, we have use of the Clubrooms on shooting days, so a relaxed tea and coffee in "civilised conditions" is possible. We will endeavour to ensure that we leave the Clubhouse in as good (or better) condition than we find it.

If the weather in Lobethal is this good all the time, we are assured of a perfect shooting venue!

Our first coaching course commences 11 May, which just happens to be Mothers' Day.

11/04/2014

Our First shoot

The Club started on a drizzly Wednesday morning and four hardy souls braved the conditions to shoot some arrows. The actual conditions were ideal for archery with absolutely no wind. The Clubhouse verandah proved its worth in enabling the archers to stay dry while shooting. At the end of the morning's proceedings a small toast was made to the Club (cheers!).

Club's Programme is being developed

The Club Programme is proving a challenge.

As Adelaide Polocrosse Club (the landlord) has advised its requirements and ARCHERY SA Tournaments are held on Sundays, somehow, we have to shoe-horn coaching courses and regular shoots in so as to meet the burgeoning level of interest in the sport.

Once we have managed to cover all eventualities, the programme be published on this site (click on [Calendar](#)).

Welcome to Our Website

Our website is now operational, but it will take some time to get everything in place and we thank you for your patience.

HILLS ARCHERS in Lobethal is endeavouring to become a fixture within the Mt Lofty Ranges/Greater Yurrebilla Parklands and your support will be greatly appreciated.
