

HILLS ARCHERS NEWS ARCHIVE 2020/2021

7/06/2021

It is now 6 months since we moved...

A resounding success is probably the easiest way to describe it!

We are certainly more in the public eye and people are starting to know where we are. The state of the ground is flawless, being flat and closely mown.

We don't quite have the creature comforts of the Lobethal Clubroom, but we are able to use the hall and cricket clubroom if needed and the full range of facilities provided therein.

Setup of the targets is a relatively simple process, and everyone pitches in to start the day with most happy to help packing up.

Lost arrows is not an issue - we don't believe we have lost ANY arrows on the oval! (compare that with Lobethal where the arrow count would average one or two **every** week.)

As yet, the Invitation Clout has still to be held as we investigate suitable venues.

Lenswood Here We Come

The Committee today formally endorsed the proposal to move to **Lenswood Oval (Lenswood Memorial Park)** as soon as practicable.

At this stage, the final shooting day at Lobethal will be Sunday, 6 December along with the postponed final session of the two coaching courses.

Further details via email will follow about how the move will occur. It is likely our Christmas Shoot will be at Lenswood (on 20 December).

Happy Days!

Issue with Members' Page (resolved)

There is a glitch now - the Members' Page is unavailable. When you log in, you are returned to the home page, and you will notice you are not logged in.

Do not fret! - it is NOT your username or password that is the issue.

Our providers are working on a solution. Hopefully, this problem is temporary now that they know about it.

Update (November):

It is still an issue.... the workaround is to login using this link

https://sitedesq.sportstg.com/index.cfm?fuseaction=Display_Member_Login&OrgID=21454.

Update (May, 2021) - RESOLVED!
